Overview

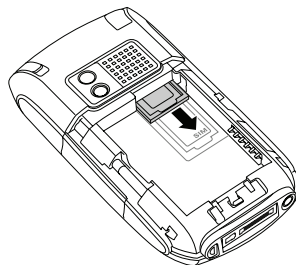

Insert the SIM card

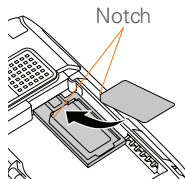

- 1 Remove the battery door.

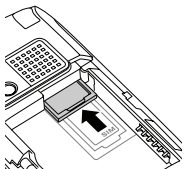

- 2 If the battery is installed, remove it.
- 3 Slide the SIM tray out of the slot.

- 4 Insert the notched end of the SIM card into the SIM tray, and then press the other end of the card into place.

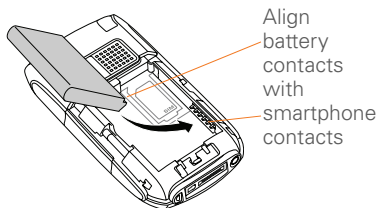

- 5 Slide the SIM tray back into the slot.

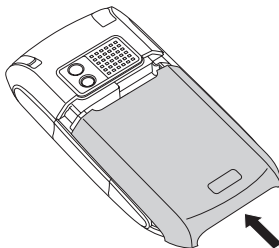

Insert the battery

- 1 Insert the battery into the compartment.

- 2 Slide the battery door onto the back of the smartphone until it clicks into place.

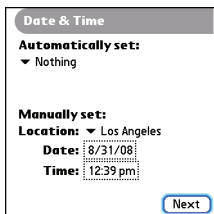

Complete setup

- 1 Select the language you want to use.

- 2 Follow the onscreen instructions.

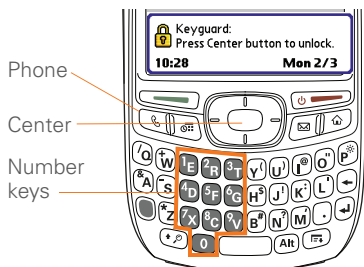

TIP Ask your wireless service provider if their network supports automatic date, time, and time zone settings. If not, use the manual settings.

- 3 (Optional) When the setup is complete, press **Applications**  and select **Quick Tour** .

Make a call

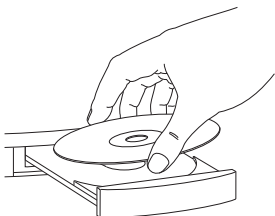

- 1 Press **Phone** . (If prompted, press **Center**  to turn off **Keyguard**.)

- 2 Use the number keys to enter the phone number.
- 3 Press **Send**  to make the call.
- 4 To end the call, press **Power/End** .

Install the software

- 1 Close all programs on your computer.
- 2 Insert the Palm Software Installation CD into your computer's CD drive.

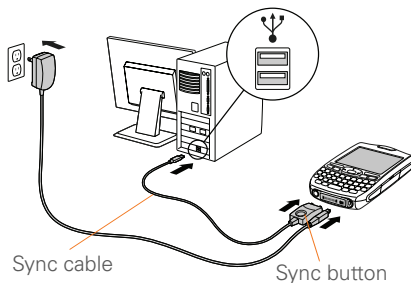

- 3 **Mac only:** Double-click the **CD** icon on the desktop, and then double-click the **PalmSoftware.pkg** icon.
- 4 Select the same language you selected on your smartphone.
- 5 Follow the onscreen instructions.

Sync and charge your smartphone

When Install asks you to sync, do this:

- 1 If necessary, attach the appropriate adapter to the AC charger.
- 2 Connect the AC charger to a wall outlet and to the bottom of your smartphone.
- 3 Connect the USB sync cable to a USB port on your computer and to the bottom of your smartphone.
- 4 Press the **sync** button.

TIP Charge your smartphone until the indicator light turns solid green.
